### LOCAL PEOPLE TOLD TO MARK ALL CONTAINERS

Dealers Receive Instructions on Proper Designation of Capacity of Baskets as Outlined by New Net Containers' Law.

County. Sealer of Weights and Measures O. Evans Mikesell is completing the work of investigating the use of berry baskets in Charleroi and instructing dealers in the observance of the net containers law, which became effective the first of this year. The present work will have to do with the future observance of the law and the effort will be to make understandable to all dealers the provisions of the measure.

All berry baskets must be plainly marked as to the contents which means that a quart basket containing a quart of berries must be marked, "One quart dry." Or if the quart basket contains only seven-eighths of a quart, it must be labeled, "seven eighths of a quart." The man who sells directly to the consumer is the one who is held responsible for the proper marking of the baskets. The law reads that all containers must be marked "as to capacity," not by the wholesaler, but by the dealer, directly.

The law has a peculiar effect now that the strawberry season is just opening, with the raspberry and blackberry season to follow in close order.

A measure is registered and sealed to be used chiefly in selling from bulk. A container is the package in which a thing is sold.

Sealer Mikesell within the last two days has visited approximately 100 stores in Charleroi and North Charleroi, this being nearly the entire list affected by the law.

### NEW BAGGAGE RULES ADOPTED BY RAILROAD

Amendment to Cummins Act Makes Necessary Signing of Slips Declaring Value and Other Information By Passengers Checking Baggage.

In order to carry out the provisions of the Cummins amendment to the Interstate Commerce act, the Pennsylvania Railroad will be compelled from now on to require all persons checking baggage for interstate transportation to sign a declaration of its value. Forms for this will be supplied by the baggage agents.

In view of the very great inconvenience which it will doubtless cause passengers, and the expense to the railroad, because of the clerical work entailed the Pennsylvania Railroad will require the signing of the declaration of the value of baggage only where specifically demanded by the law—that is, on baggage checked for interstate transportation.

Heretofore, under its own rulings the railroad has limited its liability for a piece of baggage to \$100. Under the Cummins act, carriers cannot limit the liability for damage or loss to baggage unless they obtain from each person checking baggage a declaration of its value. This value then constitutes the maximum amount recoverable from the company.

Up to a value of \$100 there will be no insurance charge to the owner of the baggage, but if the value of a piece of baggage is declared to be in excess of \$100 a charge of 10 cents for each \$100 or fraction thereof over this amount will be levied in consideration of the extra liability assumed. The act makes it a misdemeanor for passengers to misrepresent the value of baggage.

One result of the workings of the Cummins act will be that passengers will have to allow themselves more time for the checking of baggage at stations. The company anticipates that there will be many instances where passengers will be irritated because they are required to fill out a declaration of the value of the baggage. For that reason, it is endeavoring to acquaint the traveling public as much as possible with the provisions of this law, which leaves the railroad no course to pursue but that outlined above.

The company has issued complete

All of the 25,000 Italian reservists in Western Pennsylvania will at once be notified to hold themselves in readiness for service in their country's army. ## SIX BAD MEN OF FAYETTE

Fayette County is again in the limelight, this time through the arrest of six "desperate" men by six United States Deputy marshals. These terrors of the Chestnut Ridge foothills had sneaked up in the dark night on an unarmed and unprotected bonded warehouse at Fairchance and got away with one barrel of cheap whiskey, worth about \$10, more or less, remarks the Pittsburgh Dispatch. When the officers arrested them, one at a time, in different places, the first man was found at the gory work of doing the family washing in the back yard; two were engaged in the bloody occupation of sawing wood up on the mountain side; a fourth was tending in a livery stable. The other two quietly surrendered to official gunnery brought to bear on their peaceful homes, where they were putting in the time watching the women hustling along with the household service. Not a kick came from one of these "desperadoes" against accompanying the officers. There was actually no thought of resistance.

These men are shavers in a sentiment quite prevalent in the Fairchance neighborhood that to swipe a jug or even a barrel of joy water from some unsuspecting owner or watchman is both a humorous and pardonable offense—or deed, rather. But the mighty arm of the law landed them in the Allegheny County jail in default of \$5,000 bail each. Thirty thousand dollars! The men could not secure \$30,000 bail in 30,000 years. But if the United States Commissioner had let them go on their own recognizance and told them to appear for trial when wanted, every one would no doubt have been on hand. It is a Fairchance habit to do this.

Many mountaineers in that vicinity fording on West Virginia and living farther back in the ridges of the Alleghenies, have lax ideas as to some lesser phases of morality, but never-

Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

**Daughter Helped Also.**  
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. BENA BOWMAN, 161 S. 16th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Incorporated) Lynn, Mass., for advice. Your letter will be opened and answered by a woman.

*To the Business Men of Charleroi*

A young doctor, making a start in a small town, decided that to be prosperous he must look prosperous. He bought a new buggy and two good horses. Although he had only a few patients he always kept on the jump, attending to his patients' smallest needs. People began to notice this young doctor driving about town and they called him because he looked busy and prosperous. He got his start—a start that led to a comfortable practice.

A town, like this doctor, must look prosperous to be prosperous. Clean streets, attractive store windows, well-painted buildings and dwellings give the prosperous air. Well-painted buildings are greatest of these.

### Avoid the Change Nuisance

Making change is a common nuisance in every-day life and frequently people are compelled to send to the bank or to an up-town store for change.

If you will open a checking account with this bank you can do away with the change nuisance--and then by paying your bills and making your purchases by check you will have a receipt for every cent paid out, to say nothing of a correct account of your expenses. Delays are dangerous--open an account TODAY.
